

Easy Homemade Lotion Bars

Author: Sherri

Ingredients

- ½ cup coconut oil
- ½ cup beeswax
- ¼ cup shea butter
- ¼ cup cocoa butter
- 5 drops lavender essential oil (any essential oil of choice)
- 5 drops of lemon essential oil

Directions

1. Combine the coconut oil, beeswax, shea butter and cocoa butter in a glass measuring cup.
2. Place it in a pot with water covering it about half way.
3. Bring water to a boil, stirring frequently until ingredients are completely melted.
4. Remove measuring cup from the pan.
5. Add essential oils and stir until completely combined.
6. Immediately pour into desired molds.
7. Let sit for several hours or overnight. I put mine in the refrigerator for a couple of hours.
8. Once cooled, remove the lotion from mold.
9. Place in a zip lock bag or other sealed container and store in a cool dry place. (They will melt if left in a hot car).
