Vanilla Coffee Soap

Keep your coffee grounds from your morning coffee and whip up a batch of this lovely soap!

ingredients:

- 1 lb Goat's Milk melt and pour soap base, cut into 1 inch cubes
- 1/4 cup ground coffee
- 20 drops vanilla soap scent

directions:

1. Add Goat's milk cubes to a microwaveable bowl. Microwave for 30 seconds. Stir. Microwave 10 seconds and stir. Continue to microwave at 10 second intervals, stirring in between, until melted.
2. Stir in coffee grounds and vanilla soap scent. Pour into a silicone soap mold.
3. Let sit at room temperature for 40 minutes to 1 hour, until hardened. Remove from soap mold by carefully pushing on the bottom to release the soap.

Use ground coffee that has already been used in your coffee maker if you like.
